

chrōnex™

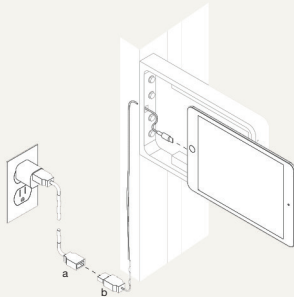

installation guide

## CHRONEX INSTALLATION GUIDE

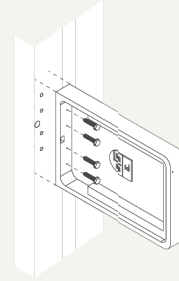

- 1) Place provided jig on mounting surface for use as a guide for marking mounting and opening locations.
- 2) Drill 3/32" diameter pilot holes for four (4) Tek screws.
- 3) Punch or drill 3/8" diameter power cable opening.

- 6) Attach extension cable (a) to manufacturer provided tablet charger cable (b), feed through opening in mounting surface and bracket, and plug into tablet.
- 7) Power on tablet and position to allow power adapter to pass through opening in CHRONEX mounting bracket.

- 4) Install CHRONEX mounting bracket using provided set screws.
- 5) Connect provided USB extension cable to power source.

- 8) Press into place while aligning power adapter with opening in bracket.
- 9) While holding tablet in place, install security screw.
